IMPORTANT INFORMATION REGARDING YOUR TELECOMMUNICATIONS SERVICE

November 30, 2016

Dear Valued Customer:

We are writing to inform you that beginning on January 1, 2017, the intrastate, interstate, or international toll service previously provided to you by CRC Communications LLC (d/b/a OTT Communications), will be provided by its sister corporation, Otelco Telecommunications LLC, also d/b/a OTT Communications. Although the legal identity of your service provider changed, you are receiving your interstate and/or toll service under the exact same rates, terms and conditions as you did previously. **No changes to your rates, rate plan, or other terms and conditions have been made.** In addition, because the d/b/a of both companies is OTT Communications, you will not notice any name changes on your bill.

While we hope that you will remain our customer, you have the right to select a different provider for your intrastate and interstate/international toll service. If you have previously placed a preferred carrier freeze on your toll service with CRC Communications LLC, that freeze will be transferred to Otelco Telecommunications LLC to protect you from slamming by other providers. Thus, if you want to change carriers, you will need to call us at 1-866-746-3873 to lift the freeze so that the change in carrier can be made. (It may also be possible to lift the freeze by providing your new provider with a signed Letter of Authorization.) Once your change is made, you can place a new freeze in place by calling the same number.

We thank you for your business and look forward to continuing to serve you.

Sincerely,

Otelco Telecommunications LLC
d/b/a OTT Communications
